Ruling No. 3385

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, manner of use and place of use of the waters of an underground source as heretofore granted under Permit 47791 is issued subject to the terms and conditions imposed in said Permit 47791 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit is issued subject to the State Engineer's Ruling No. 3385 dated September 22, 1986.

Any water not placed to beneficial use under this permit will revert to the source and not the base permit. The cancellation or withdrawal of this permit will result in the water reverting to the source and not the base permit.

The total combined duty of water under Permits 48919, 48920 and 48921 shall not exceed 595.88 acre-feet annually.

(CONTINUED ON Page 2)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.38 cubic feet per second, but not to exceed 108.53 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before April 29, 1987

Proof of completion of work shall be filed before May 29, 1987

Application of water to beneficial use shall be made on or before April 29, 1988

Proof of the application of water to beneficial use shall be filed on or before May 29, 1988

Map in support of proof of beneficial use shall be filed on or before May 29, 1988

(PERMIT TERMS CONTINUED)

The total combined duty of water under Permits 47790 and 47793 in the name of Spanish Springs Association shall not exceed 920.57 acre-feet annually.

The total combined duty of water under Permits 29288, 47789 and 47793 in the name of Washoe County (formerly Desert Springs Utility Company) shall not exceed 483.55 acre-feet annually.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.
